THE FOURTH ANNUAL

GOLF TOURNAMENT

FRIDAY, SEPTEMBER 21, 2012

**THE PRESIDIO GOLF COURSE
SAN FRANCISCO, CALIFORNIA**

The David Andrew “Pooh” Maddan Foundation, a non-profit 501(c)(3) charitable organization, was established to honor and celebrate a life cut much too short as a result of complications related to the treatment of osteosarcoma (cancer of the bone).

David, or “Pooh” (his competitive swimming nickname), died unexpectedly at the age of 28 on October 25, 2008 after a blood vessel, weakened by all his treatments, burst in his chest. Pooh’s dream had been that a cure for cancer would be discovered and, in the meantime, that better therapies for this insidious disease would become commonplace. Dave also realized the immediate need for financial support for young adults, ages 18 to 35, diagnosed with cancer, an age group that is often overlooked.

David was passionate about establishing a non-profit Foundation to assist other cancer patients as soon as he completed his own treatments. This Foundation is dedicated to realizing Pooh’s dream and to keeping his memory and legacy alive.

Since our establishment in December 2008, the DAM Foundation has raised \$375,000 and has provided assistance to more than seventy-five young adults to support them in their fight against cancer. Every day we receive more requests for aid.

We are pleased to announce that Olympic Gold Medalist Natalie Coughlin, a long time friend of Pooh’s and fellow competitive swimmer, has joined the Foundation as an Honorary Member of the Board of Directors.

For more information about the Foundation and David’s life, please visit the Foundation website at: www.DAM-Cancer.org. Proceeds from the golf tournament and dinner will go directly towards financial grants for young adults with cancer and to cancer research. Please join us in the battle to eradicate cancer and help young adult cancer patients survive.

The Board of Directors
of the
