

# THE EIGHTH ANNUAL

## DAM-CANCER GOLF CLASSIC

FRIDAY, SEPTEMBER 16, 2016

THE PRESIDIO GOLF COURSE  
SAN FRANCISCO, CALIFORNIA

According to the American Cancer Society, survival rates for cancer in young adults have not changed much in recent decades, unlike the improvements seen in many cancers in children and older adults. Ironically, this is the same demographic that has the greatest need for financial assistance; a need noted by David “Pooh” Maddan when he was fighting his own battle with cancer. The David Andrew “Pooh” Maddan Foundation, aka DAM-CANCER, a non-profit 501(c)(3) charitable organization, was established to honor and celebrate Dave’s life, which was cut much too short as a result of complications, related to the treatment, of osteosarcoma (cancer of the bone).

Pooh died unexpectedly at the age of 28 on October 25, 2008 from complications related to his cancer treatments. Dave was passionate about establishing a non-profit Foundation to assist other young adult cancer patients (ages 18 through 35) as soon as he completed his own treatments. This Foundation is dedicated to realizing Pooh’s dream and to keeping his memory and legacy alive.

Of all cancer age groups, young adults are the most financially vulnerable. More specifically, these are the young persons who may have recently graduated from high school or college, who haven’t been in the working world long enough to have funds to get them through the economic disaster of cancer, and whose families may not be able to provide sufficient financial assistance. These young adults are the cancer patients the Foundation has targeted for grants for living expenses, medical treatments and medicines not covered by insurance, transportation to treatments, medical co-pays, food, temporary housing, utilities, etc. In seven years, we have provided financial assistance to over 270 applicants from throughout the United States and we receive more requests for aid every day.

We invite you to come golf for Pooh! 100% of the proceeds from the golf tournament and dinner go directly to our young adult recipients to provide them the support they need so they may focus on their fight.

For more information about the Foundation and David’s life, please visit the Foundation website at: [www.DAM-Cancer.org](http://www.DAM-Cancer.org). Please join us in the battle to eradicate cancer and help young adult cancer patients survive.

The Board of Directors  
of the
